### **About the MoPac South Environmental Study**

The MoPac corridor between Cesar Chavez Street and Slaughter Lane is a critical link in our region, keeping South Austin and Hays County connected to major highways like Loop 360 and US 290, and providing access to downtown Austin. According to 2024 TxDOT traffic counts, this 8-mile stretch of MoPac attracts up to [180,000](#) cars and trucks per day. The growing population as well as residential and commercial development has led to increased traffic congestion. If we do nothing to address congestion, drivers could spend longer traveling the corridor.

The MoPac South Environmental Study evaluated a full range of Alternatives and Operational Configuration Options to recommend the Build Alternative which was evaluated against a No-Build Alternative in the draft Environmental Assessment.

### **Official Comment Period**

Public engagement is paramount to the Agency and this project. From developing the evaluation criteria to making adjustments to potential solutions, we take every comment we receive seriously.

The official comment period for the Public Hearing begins on Mon., Mar. 9, 2026 and lasts through Sun., May 3, 2026. Comments may be submitted in writing at the in-person Public Hearing, through the virtual Public Hearing, by email, by mail, or on voicemail as noted above. Please note that any comments submitted through other channels or outside the comment period will not be considered part of the record for this Public Hearing.

### **Special Accommodations**

The virtual and in-person Public Hearing will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual Public Hearing, please contact the MoPac South Project Team at 512-342-3299 no later than 4 p.m. on Fri., Mar. 13, 2026 for the in-person Hearing and no later than 4 p.m. on Fri., Apr. 24, 2026 for the virtual Hearing. Please be aware that advance notice is required as some services and accommodations may require time to arrange.

**Se Habla Español:** Para más detalles e información acerca del proyecto en español por favor comuníquese con uno de los miembros del equipo al 512.342.3219 y le atenderemos con gusto.
